County of San Luis Obispo

TO: Board of Supervisors

FROM: Public Works

Joe Whalen, Resident Engineer

Don Spagnolo, Project Manager

VIA: Dave O'Halloran, Construction Division Manager

DATE: 4/5/2016

SUBJECT: Submittal of a resolution authorizing execution of notice of completion and acceptance for the construction of the FY 2015-2016 Asphalt Overlay Various Roads, Nipomo. District 4.

RECOMMENDATION

It is recommended that the Board adopt the attached resolution, which authorizes the execution of a notice of completion and acceptance of the Construction of FY 2015-2016 Asphalt Overlay Various Roads – Nipomo, (Contract No. 300550).

DISCUSSION

This asphalt concrete overlay contract is part of the Department of Public Works Annual Pavement Maintenance Plan and provided an asphalt overlay on 3.3 miles of existing roads to extend the service life of the pavement. The project is part of a series of overlay projects that will be completed utilizing the \$11.2M (\$9.3M for pavement overlay and \$1.9M for pavement seal coats) from this fiscal year's pavement management program.

The contract was awarded to CalPortland Construction on September 1, 2015 in the amount of \$2,126,179.85 and was constructed within the allowable working days.

This contract provides for a pavement overlay on:

- Orchard Avenue from Tefft Street to Story Lane
- Division Street from Orchard Street to S. Frontage Road
- Thompson Road from Chestnut Street to Knotts Street
- Mesa Road from Tefft Street to Charro Street
- Tejas Place from Tefft Street to Osage Street

Resurfacing of Orchard Avenue provided for sufficient road width to have a continuous center turn lane from Tefft Street to Story Road. On Thompson Road, a bus stop upgrade was provided and on Division Street, bike lanes were added, as called for in the County's Bikeway Plan.

Work under our pavement management program seeks to achieve a pavement condition rating of 65 or above. With planned work in the current fiscal year, we expect to attain a condition index of 64.

OTHER AGENCY INVOLVEMENT/IMPACT

Nipomo Community Service District and other affected utilities adjust their facilities within the roadway, at their expense, subsequent to this overlay project.

FINANCIAL CONSIDERATIONS

This is a multi-year project budgeted in the Road Fund at \$3,268,023 – WBS 300550. The total project costs are estimated at \$2,481,158. Funding for the project will come from the Road Fund Pavement Management Program.

At the time of project completion, when actual construction costs are known, any unused budget will be redirected to other planned Pavement Management projects. No budget adjustment is necessary.

A final report of actual project costs will be on file with the Public Works Department after any and all claims, disputes and adjustments have been resolved. We do not anticipate the final project cost to differ materially from the current estimated total. Five percent (5%) of total contractor payments are held by the County and released only after meeting the legal holding period after the Notice of Completion is filed.

Please see Exhibit “A” for an estimated cost breakdown of the project.

RESULTS

By taking the recommended action, your Board will cause the legal notice of completion for this construction contract to be recorded, and start the period of time during which liens can be filed by subcontractors against the prime contractor.
